Objective

I recently graduated in April of 2023. I am looking for an entry-level position in the environmental/ biological sector. Throughout all of my education I maintained the focus of environmental policy and analysis, and I would like to begin my career in a related field. I am willing to relocate. I also enjoy using my Spanish language skills.

Education History

MA Bowling Green State University April 2023
Programs: Spanish and European Studies
Specialization: Environmental Policy and Analysis
Capstone: The Financial Oligarchy in Spain: The Relationship
Between Energy and Capitalism
Dr. Amílcar Challu and Dr. Carles Ferrando Valero 4.0

BA Bowling Green State University May 2020
Programs: Spanish and Biology
Minor: Environmental Policy and Analysis
Honors Project: Renewable Energy in Kenya 3.495

Work Experience

Receptionist

Present

- I filter correspondence via email and telephone.
- I close client files when their cases close.
- I file all correspondence from the court.

Foreign Language

Present

- I interpret for hispanic clients and translate paperwork when necessary for a local community center.
- I interpret for private appointments for victims of violent crimes, through a business which is contracted by the Attorney General of Ohio.
- I call Spanish-speaking patients and help to schedule appointments and assist with paperwork for a medical facility.

Duties fulfilled at BGSU

April 2023

- Planning and attending community events for a learning community at BGSU. I also instructed a one-hour course once a week that promotes Spanish language use and cultural competence.
- I created lesson plans each day for an entry-level college course and instructed undergraduate students. I also had individual tutoring sessions when needed.
- I supported a professor by grading assignments, attending lectures and tracking attendance and participation, and offering individual tutoring to encourage students to seek help if needed.
- I conducted research for a professor by going through databases and finding pertinent information regarding climate change in Mexico.

Community Outreach

- I worked in a non-profit store that provides many social resources to those facing homelessness and other difficult situations. 2020
- I provided before and after school child care for low-income families, working with programs in the community to engage them with STEM resources and other enriching experiences. 2020

| University Freshman Academic Scholarship | 2016 |
| <ul style="list-style-type: none">Awarded based on admission credentials. | |
| Honors College Grant | 2020 |
| <ul style="list-style-type: none">Following a proposal, the honors college selects students to award money and pay costs associated with a research project. | |

Certifications

- First Aid
- CPR
- AED
- LGI

Research Experience

Honors Project: Renewable Energy in Kenya 2019

I researched specifically how women are disproportionately affected by traditional energy use, and how this has kept women from advancing in Kenyan society.

Study Abroad in Costa Rica 2020

I completed a research project in regards to the biodiversity in Costa Rica and the relationship with the mangroves. I conducted field research while in the country, both qualitative samples and community outreach. I also served as part of a veterinary team for a week at an animal hospital.

Graduate Capstone 2023

I completed extensive research to write about the novel topic of the “financial oligarchy” in Spain and its relationship to the energy sector.

Volunteer Work

Volunteer Work: Completed over 600 hours 2016

Volunteer with T-Oigo 2018

- I tutored a deaf boy individually to help him better grasp the English language.

Volunteer at Toledo SMART School 2018

- I led both group and individual activities with children and ensured their understanding of necessary topics. I also acted as an interpreter for children who were native Spanish speakers.

Volunteer at Costa Rica Animal Rescue Center 2020

- I worked as part of the veterinary team, providing medication,, cleaning, feeding, and engaging with the animals as necessary.

Volunteer at CCOO 2021

- I was a volunteer instructor of advanced English at a labor syndicate in Spain. I created lessons and provided structure to students from ages 17-70.
